

A blue and white twin-engine turboprop aircraft is shown in flight, banking to the right. The aircraft has "12 NGX" and a red cross logo on its tail. The background features a range of rugged, snow-capped mountains under a clear sky.

# Advanced and Aircraft Specific Flight Training

Personalized instruction for pilots seeking proficiency in advanced aircraft.

 **by Isaiah Washington**

# State-of-the-Art 4 Part Training

## Computer Based

Enhance your knowledge with our advanced computer-based training. Includes engaging online modules and quizzes to build a solid understanding of aircraft systems.

## Class-Room Training

Our ground school program combines hands-on instruction with flexible scheduling.

## Sim Training

Transition seamlessly to simulator training, maximizing efficiency and cost-effectiveness while refining your aircraft knowledge.

## Flight Time

Our four-part training program concludes with real-world flight experience, building confidence and solidifying your skills.

# Approved Aircraft for Initial and Recurrent Training

King Air C-90 Series

King Air B100

King Air 200/B200

Pilatus PC12/45 &  
PC12/47

Cessna 400 Series

Beech Baron 55/ 58

Beech Singles  
BE23/24/33/35/36

PA32 & P32R

# Client Testimonials

**Chris Olds**

"I highly recommend their professional and friendly PC-12/NG training. Flying with John has been great. He did my initial training in the PC-12 and cross trained me in the PC-12NG. He is very knowledgeable and was able to answer all of my questions. In the cockpit he keeps things very professional but fun and friendly at the same time."

**Jared Scharlach**

"I appreciate the efficient, on-site PA32 qualification and safety instruction I received. John helped me when I was in a hurry to get qualified in the Saratoga. He came to me at my airport, flew with me the required number of hours, and taught me a lot of essential safety items about the PA32. I definitely plan to go back to him for recurring training. "

# Contact

Our office is located at 3218 E. Colonial Dr, Suite G, Orlando, FL 32803. You can reach us by phone at
